

NTSP Environmental Committee

International Telecommunications Safety Conference

Park City, Utah

September 11, 2008

Eric Allgaier, MS, CIH, CSP, CUSA
Group Manager – Environmental, Health & Safety
Sprint Nextel Corporation

NTSP Environmental Committee

- We are in the process of forming an environmental committee for the NTSP.
- Since the USTA and CTIA have disbanded their environmental committees, there are no strong forums for this important area in the Industry.
- We are asking for any interested representatives who would like to serve on this committee.
- We would also like suggestions on someone who could effectively Chair this committee.
- This committee would be similar to other committees that the NTSP has, like the Ergonomics or Natural Hazard Committees.

Environmental Committee Charter

- At a high level, the charter of this group would be:
- To share ideas and approaches to environmental issues and regulations that affect our industry.
- To monitor and alert the NTSP companies on new environmental laws and standards and their impact to our industry.
- To share new ideas and best practices surrounding green / environmental stewardship issues.

Environmental Laws

- CERCLA (Comprehensive Environmental Response, Compensation and Liability Act)
- EPCRA (Emergency Planning and Community Right to Know Act)
- RCRA (Resource Conservation and Recovery Act)
- CAA (Clean Air Act)
- CWA (Clean Water Act)
- PPA (Pollution Prevention Act)
- State Environmental Laws & Regulations
- Local Environmental Laws & Regulations

Green Efforts in Telecommunications

- Many different groups in our companies are working and interested in these issues:
 - EHS
 - Facilities
 - Legal
 - Corporate Social Responsibility
 - Marketing
 - Corporate Communications
 - Network
 - Fleet
 - Real Estate
 - Others

Green Issues in Telecommunications

- Facilities & Energy Management
- Green Building Design (LEED Certification)
- Recycling
 - Wireless Phones, Batteries, fluorescent bulbs, paper, cans, bottles/glass, etc.
- Corporate Social Responsibility
- Green House Gas (GHG) Emissions
- Alternative Energy Sources
 - Hydrogen Fuel Cells, Solar, Wind, Geothermal Systems, etc.
- Employee Commuting Programs
- Telecommuting Programs
- Fleet Vehicles – Hybrids
- Environmental Awareness Programs & Websites
- Environmental Volunteerism

Participation with NTSP Environmental Committee

- If you are interested in serving on the NTSP Environmental Committee, please contact Eric Allgaier
- We would like to have one representative from each Panel Member serving on this Committee.

Conclusions

- The time is right to start a new NTSP Environmental Committee.
- We need committed volunteers from all NTSP member companies to participate.
- If you are interested, please contact Eric Allgaier.

- Thank you!

- Questions?
